GENERAL REGISTRATION BEGINS NEXT WEEK RESULTS BENEFIT SAYS TERRY

All Residents 17 and Up To Serve Two-Fold Purpose

Back again in Rivers following an extended trip to Coastal cities to attend to evacuee problems and to confer with principal officials of the WRA is Project Attorney James H. Terry. Mrs. Terry and secretary, Matilda Rottach returned with him yesterday.

Terry said, "My opinion is that the results of the conferences in San Francisco will be of great benefit to the entire community."

In San Francisco, Terry discussed problems relating to the new leave clearance procedures, military enlistment, transportation of evacuee property, and real and personal evacuee property in California. While there, he met with Director Dillon Meyer, Chief of Community Government, John Province, WRA Solicitor Phillip Glick, and the project directors and attorneys of Arizona and California centers.

OUTSIDE EMPLOYMENT

For further information on, or application for, the following outside job offers contact Eric Kawai, outside employment officer at recreation hall 42.

Experienced couple for domestic work. Woman to cook; man for outside work near Chicago, Illinois.

Girl, prefer high school graduate for housework. No heavy laundry or cooking; private room and bath. \$50 per month.

Couple for cooking and housework for five adults—two meals per day. \$100 to \$125 per month. Chicago, Illinois.

Girl, 18-35 for general housework and cooking, for adults. Private room and radio. \$50 per month.

A general registration of Relocation Centers of all evacuees who are 17 or more years of age will start next week, E. M. Rowalt, Acting Director of WRA, announced yesterday.

At the same time, the War Department announced teams of army representatives left Washington yesterday for the Gila River and other centers to obtain questionnaires from all male American citizens of Japanese ancestry who are 17 or more years of age.

All nisei at the Gila River Project who desire to volunteer for service in the combat unit will have an opportunity to do so while the army representatives are there. Nisei who do not desire to volunteer at this time or who are beyond military age will be considered for jobs in agriculture or industry, including jobs in plants producing war materials.

SPEAKER PRESENTS CONFLICT CAUSES

As a third in the series of causes of conflict, Dr. Akama Imamura will speak before the Butte Discussion group tomorrow night, 7:45 o'clock, at 43-2-C on spiritual and cosmic causes of conflict. The group will deviate from its usual panel discussions for this meeting.

BUDDHIST DAILY MORNING SERVICES

Daily morning services have been inaugurated at the Canal Buddhist Church beginning at 8:30 with the Rev. Mr. G. Kimura as speaker. These sessions will continue until Saturday, February 6.

Sei-ten, Chomon Kai, and sermon assemblies will be conducted every Tuesday and Thursday mornings at 7 o'clock with the Rev. Mr. T. Kata presiding.

Included in the WRA registration to be made at the same time will be all females, regardless of citizenship who are 17 or more years of age, and all alien Japanese men over 17. No registration will be made, however, of persons who have applied for repatriation. Mr. Rowalt explained that through this general registration, the WRA expects to get clearance on a large number who apply for leave, and thus be able to speed up the relocation program.

OUTSIDE JOBS

"We are not trying to force any person who does not desire to do so," Mr. Rowalt said, "but there are increasing opportunities for evacuees to get job and if we can get a backlog of registration on which we can be working, we should be able to get clearance for indefinite leave for many people who later will want to relocate."

FOUR ARMY MEN

Heading the team of army representatives who will visit the Gila River Project is Captain Norman R. Thompson. He will be accompanied by Staff Sergeant John Connolly, III, Sergeant John A. Gillotti and Technician, Fourth Grade, Edward H. Aburamen.

Final plans for the registration at the Gila River Project will be worked out in conferences between the army team and Project Director Leroy H. Bennett and John Landward, administrative assistant who returned from Washington, D. C.
